Dr. Tseng To-Jung was born in Taichung, Taiwan in 1975. He received Ph.D. degree under the supervision of Prof. Hsieh Sung-Tsang in the Department of Anatomy & Cell Biology, College of Medicine, National Taiwan University. From 2007, he worked as an Assistant Professor in the Department of Anatomy, School of Medicine, China Medical University, and moved to the Chung Shan Medical University in 2014. In 2018, he upgraded as Associate Professor and sustained his research area in Neuroscience. As one of his research themes, he is investigating the potential molecular mechanisms of neuropathic pain in peripheral and central nerve system underlying chronic constriction injury, diabetic neuropathy, and chemotherapy-induced peripheral neuropathy.
